

# A SPY IN THE FBI

**In the clandestine world of espionage, spies are only as good as the secrets they steal... and keep. Someone is selling Top Secret information to the Russians, putting FBI and CIA sources in imminent danger. As US agents furiously work to root out the mole, no one suspects that the traitor is one of their own.**

*A Spy in the FBI* is a riveting true crime documentary special that exposes one of the most shocking espionage cases in American history. First airing in 2021 on REELZ, the film explores the astonishing double life of FBI agent Robert Hanssen—a man who spent more than two decades betraying his country while rising through the ranks of the very agency tasked with protecting it.

Combining expert interviews, archival footage, and cinematic reenactments, *A Spy in the FBI* takes viewers deep inside the covert world of counterintelligence and deception. The special unpacks how Hanssen managed to evade detection for years, his complex hidden social life, the intelligence he sold to foreign governments, and the catastrophic impact of his betrayal on U.S. national security.

Praised for its compelling storytelling and real-world relevance, *A Spy in the FBI* stands out as a powerful addition to the true crime and espionage documentary landscape. Its exploration of the psychology behind double agents and the complexities of internal threats provides a gripping narrative for fans of intelligence, law enforcement, and spy thrillers.

More than just a shocking case, *A Spy in the FBI* serves as a sobering reminder of how trust can be weaponized—and how even the most secure institutions can be vulnerable from within. Its detailed, suspenseful storytelling ensures that the legacy of this case continues to resonate with audiences long after the credits roll.

<b>Title:</b>	A Spy in the FBI
<b>Duration:</b>	1 x 128 min
<b>Available Regions:</b>	Worldwide excluding US
<b>Available Languages:</b>	English, Spanish, & French
